

APPENDIX A Environmental Impact (Form 101)

Complete this appendix if your proposal involves one of the following: activities undertaken outside a laboratory or an office (e.g., field work or construction); use of hazardous substances; set-up or operation of field or marine stations.

		Date
Family name of applicant	Given name	Initial(s) of all given names
Title of proposal		
Description of potential effects on the environment (that is, land, water and air, all layers of the atmosphere, and all organic and inorganic matter and living organisms).		
Mitigation measures that will be undertaken to alleviate potential environmental effects.		
I attest that, to the best of my knowledge, the information contained in Appendices A and B is complete and accurate.
